

We Play Well With Others!

Open API? Yeah, we integrate with that.

Good news: Awardco integrates well with every piece of modern software you currently use to manage your people. If you use an HRIS like ADP, Workday, BambooHR, or other HRIS systems, we integrate with those—and with your communication apps like Slack and Microsoft Teams, too. Make recognition even more rewarding by integrating Awardco with your current technologies, and see how recognition can play a part in all your ongoing initiatives.

Integrations:

- Microsoft Teams
- Slack
- Workday
- ADP
- BambooHR
- HRIS
- Company Intranet
- Health & Wellness Programs
- Learning & Development Systems
- Sales & Performance Tracking
